

Be A Smart Library User

-Academic Advising Office-

In high schools, your capacity to comprehend, organize, memorize and reproduce ideas are critical. What about University learning? How do you create your own new ideas by learning from others? Do you know how to avoid plagiarism in your academic work?

Do you know that you can personalize the Library tools to make your search more effective and precise?

In this 3 min presentation, you will learn how to conduct outstanding research for not only your university study but also for your future careers, and make good use of the search tools offered by the [HKU Libraries!](#)

- ▶ Now you have learnt how to use information wisely, connect ideas and meet the expectations of university-level learning!
- ▶ Besides the self-learning course, you can also personalize the Library tools to make your search more precise, in order to enhance your efficiency of doing assignments and research.

Library Tools to customize resources search for Your Studies

1. FIND@HKUL

- ◆ one-stop search for various resources in HKU Libraries as well as all 8 UGC-funded university libraries in Hong Kong.

2. BrowZine

- ◆ a simple online platform to search and read selected academic journals subscribed by the Libraries.

1. Find@HKUL

It is a research tool that allows one-stop search for various resources including books, e-books, videos, articles, digital media in HKU Libraries as well as all 8 UGC-funded university libraries in Hong Kong.

A screenshot of the HKU Libraries website. The top left features the HKU logo and 'The University of Hong Kong Libraries' text. Below this is a purple and orange banner for an Instagram promotion. A search bar at the bottom left contains the text 'Keywords' and a magnifying glass icon. On the right side, under the 'Research Tools' section, the 'FIND@HKUL' link is circled in red. A yellow callout box with a red arrow points to this link, containing the text 'Find it from the HKU libraries or click here'. Other navigation links like 'Hours', 'Contact Us', and 'e-Forms' are visible at the top right.

From the search results page, you can:

The screenshot shows a search results page for the query "academic advising". The search bar at the top contains the text "academic advising" and includes a search icon and a "Books & Articles+" dropdown menu. Below the search bar, the page indicates "PAGE 1 81,753 Results" and offers options to "Save query" and "Personalize". The "Personalize" option is circled in red. A yellow callout box points to the "Personalize" button with the text: "Click 'Personalize' to select your preferred disciplines".

The search results are listed in three items:

- REFERENCE ENTRY**

SAVE CHANGES

The search can also be extended to all 8 UGC-funded university libraries in Hong Kong by selecting "HKALL"

The screenshot shows a search engine interface. The search bar contains the text "academic advisers". To the right of the search bar is a dropdown menu with the following options: "Books & Articles+", "HKALL" (highlighted with a red box), "Books+", and "Articles+". Below the search bar, there is a suggestion: "Did you intend to search for: academic advisers?". The search results are displayed on "PAGE 1" with "131,419 Results". There are buttons for "Save query" and "Personalize". The first result is an article titled "Crowdsourcing goes academic with platforms for reviewing advisers" by Kuo, Maggie, published in Science on 02/27/2018. The article is marked as "PEER REVIEWED". On the right side of the interface, there are options for "ADVANCED SEARCH", "Refine results", "Expand My Results", "Sort by Relevance", and "Show Only".

The screenshot shows a search engine interface. The search bar contains the text "academic advisers and junior researchers: A pilot study". Below the search bar, there is a suggestion: "Did you intend to search for: academic advisers?". The search results are displayed on "PAGE 1" with "131,419 Results". There are buttons for "Save query" and "Personalize". The first result is an article titled "academic advisers and junior researchers: A pilot study" by Reynolds, Barry Lee, published in British Journal of Educational Technology, May 2013, Vol.44(3), pp.E77-E80. The article is marked as "PEER REVIEWED". Below the article title, there is a link for "Full text available". On the right side of the interface, there are options for "ADVANCED SEARCH", "Refine results", "Expand My Results", "Sort by Relevance", and "Show Only".

2. BrowZine

A simple online platform to search and read selected academic journals subscribed by the Libraries. You can get updated and additional insights by tracking different Journals.

The screenshot shows the HKU Libraries website interface. At the top, there are search bars for "Keywords" and "Advanced Search". Below these are input fields for "Book Title", "Book Author", and "Article Title", each with a magnifying glass icon. A central banner image shows the "MAIN LIBRARY" building. To the right, a green header "Research and Learning Support" contains a list of services: "BrowZine", "Endnote", "Subject Guides", and "Training". The "BrowZine" link is circled in red. Below this list is a "BOOK A SPACE" button with a checkmark icon. At the bottom, a green footer reads "News and Announcements @ HKUL".
