Faculty of Social Sciences Geography

Offered As:	✓ Major	✓ Minor
*Open to students of other Faculties:	✓	
What is it about?	Geography is a diverse discipline that involves both natural and social sciences with a focus on the major issues facing societies in a rapidly changing world. The Geography undergraduate programme aims to provide students with an understanding of the geographical aspects of the relationships between people and the natural environment; how these relationships have changed with space and over time; and the role of geography in the investigation and analysis of the issues and problems facing people, places and society. The programme also seeks to give students the opportunity to explore key elements of the knowledge and understanding embodied in the geography discipline; study aspects of geography that stimulate their intellectual interests; and acquire discipline-specific and generic skills to enable them to pursue their chosen career or continue onto higher education.	
Offering Department:	Department of Geography	

Pre-requisite requirements and/or other conditions for declaring the major/minor:	<p><i>Major:</i> GEOG1012/GEOG1016/GEOG1017 and 2 out of the following (not more than one from the same discipline): POLI1003 or PSYC1001/PSYC1004 or SOWK1001/SOWK1002/SOWK1011/SOWK1014 or SOCI1001/SOCI1003 or SINO1003</p> <p><i>Minor:</i> GEOG1012/GEOG1016/GEOG1017</p> <p>For details, please check with the Department of Geography.</p>	
Career opportunities:	Geography is able to offer a range of important subject-based skills and transferable skills. As such, it affords new challenges and skills to students and equips them for a large number of potential occupations. For details, please check with the Department of Geography, Faculty or CEDARS (Careers & Placement).

Faculty of Social Sciences Human Resource Management

Offered As:	✓ Minor
*Open to students of other Faculties:	✓
What is it about?	To be able to manage a culturally and psychologically diverse workforce, one must not only possess the requisite management skills but also be culturally sensitive. To prepare our students for this, the revamped inter-disciplinary minor in Human Resource Management will include courses that contain elements on wellness, global citizenship, and cultural sensitivity.
Offering Department:	Department of Psychology

Pre-requisite requirements and/or other conditions for declaring the major/minor:	<p><i>Minor:</i></p> <ul style="list-style-type: none">(a) at least 36 credits of courses listed under the programme from at least two departments;(b) at least 24 credits of which are advanced courses; and(c) not more than 12 credits of which are introductory courses to meet the prerequisite requirement of taking the advanced courses. <p>Note: An introductory course will be counted as fulfilling the HRM minor requirement only if (1) it is not taken as fulfilling another curriculum requirement; (2) it is taken as a prerequisite for an advanced course listed in the programme; and (3) that advanced course is subsequently successfully completed.</p> <p>For details, please check with Department of Psychology.</p>
Career opportunities:	For details, please check with Department of Psychology, Faculty or CEDARS (Careers & Placement)

Faculty of Social Sciences Journalism and Media Studies

Offered As:	✓ Minor
*Open to students of other Faculties:	✓
What is it about?	<p>The Minor in Journalism and Media Studies seeks to provide students with basic learning and experience for entry-level professional journalism. Our objectives fall into three broad categories—conceptual, applied and critical thinking—that converge to give our students in-depth learning and the ability to continue learning at a high level as each individual's situation demands. The program aims to help students:</p> <ul style="list-style-type: none">• understand the role of journalism in a global society;• understand ethical principles of gathering information;• appreciate diversity in all its forms, and be able to navigate journalistically across cultural boundaries;• demonstrate basic competency in journalistic writing for a wide range of media products;• know how to gather information efficiently and ethically from a wide range of human and recorded sources;• understand the use of technology in producing professional journalism, from the written word to multimedia production systems; and• detect logical flaws and information gaps in journalistic products.
Offering Department:	Journalism and Media Studies Centre

Pre-requisite requirements and/or other conditions for declaring the major/minor:	<p><i>Minor:</i> JMSC1001 & JMSC1005 For details, please check with the Journalism and Media Studies Centre.</p>
Career opportunities:	<p>Job prospects are not confined to the media: the training received at the JMSC has equipped graduates for careers in fields as diverse as banking, finance, public relations and government service. For details, please check with the Journalism and Media Studies Centre, Faculty or CEDARS (Careers & Placement)</p>

Faculty of Social Sciences Urban Governance

Offered As:	✓ Major	✓ Minor
*Open to students of other Faculties:	✓	
What is it about?	<p>We live in a rapidly urbanizing world where the time-space dimensions have been compressed by the rapid development of new cities and urban re-development. The land use and urban form of cities have been substantially shaped by different priorities in urban development, among other factors. The urbanization process and the development of modern cities have brought tremendous impacts on both the physical and human geography of contemporary societies. The increasing degree of urbanization around the world has prompted questions over the long-term sustainability of cities and extended urban regions. The pursuit of sustainability in cities, in both developed and developing countries, has forced a reassessment of the form and pattern of urban development, governance, planning, and management. The broad spectrum of courses included in this programme will provide students with a systematic understanding of the basic approaches and key theories of urban governance, planning, and management. Students will receive thorough training in the application of such knowledge to urban governance, planning, urban environmental management, and transport planning issues in Hong Kong, China's mainland, and the East Asia region.</p>	
Offering Department:	Department of Geography	

Pre-requisite requirements and/or other conditions for declaring the major/minor:	<p><u>Major:</u> GEOG1012/GEOG1016/GEOG1017 and 2 out of the followings (not more than one from the same discipline): GEOG1002/GEOG1003/GEOG1005 or POLI1003 or PSYC1001/PSYC1004 or SOWK1001/SOWK1002/SOWK1011/SOWK1014 or SOCI1001/SOCI1003 or SINO1003</p> <p><u>Minor:</u> GEOG1012/GEOG1016/GEOG1017</p> <p>For details, please check with the Department of Geography.</p>	
Career opportunities:	<p>This programme will prepare students to pursue careers in the fields of urban governance, urban development, urban planning, urban environmental management and transport policy and planning. For details, please check with the Department of Geography, Faculty or CEDARS (Careers & Placement).</p>
