## What is it about?
Hong Kong Studies is an interdisciplinary programme aimed at giving students a broad-based education on Hong Kong—its society, culture, creative industries, economy, politics, history and environment. The programme combines the perspectives and curricular strengths of a variety of disciplines, including literature, art history, history, sociology, politics, economics, journalism and communications.

The goal for Hong Kong Studies is to adopt a “problem-based” approach where students engage with core issues in Hong Kong’s evolution such as the interaction between citizens/subjects and rulers (imperial, colonial, communist); the importance of symbols in creating Hong Kong identity within colonial and communist eras; Hong Kong’s global influence as a cultural and financial hub; the role of Chinese tradition in creating new meanings for modern Hong Kong; the role of Hong Kong as a transition zone for ideas, capital and people.
