Important reminders about choosing Quantitative Finance as second major

1. QF a highly technical and demanding discipline that is suitable only for those with outstanding ability in quantitative skills, such as mathematics, statistics, and programming. Almost all first major QF students could achieve 5* or 5** in the DSE Extended Mathematic Module I or II.

2. Students who are interested in Finance in general but do not have outstanding quantitative skills are strongly advised to take Finance instead as a second major.

3. A number of senior-level courses in the QF programme are subject to class-size quota restriction. Students must be aware of the risk of not being able to enroll in these courses which may result in failure to meet all QF major requirements by graduation date or deferment of graduation date.

4. Second major QF students are not entitled to all the value-enhancing activities in the QF programme, such as international field trip, Round Table with Practitioners, and Executive Mentoring Scheme, which are reserved for first major students only.
