<td>✓ (except major in Decision Analytics and major in Computing and Data Analytics)</td>
<td></td>
</tr>
</tbody>
</table>

### What is it about?
The major/minor in Computer Science provides students with a substantial foundation in key computer science subject areas and modern software technologies. On completion, students will be well-equipped with both basic and advance knowledge in computer science, and are better prepared to launch their career in IT industry and/or to pursue postgraduate studies in Computer Science.

### Offering Faculty/ Department/ School/Institute:
Department of Computer Science

### Pre-requisite requirements and/or other conditions for declaring the major/minor
- Level 3 or above in HKDSE Mathematics or equivalent

### Career opportunities:
Computer Science graduates work as IT professionals in different sectors of the society, say banking & finance, the government, education, IT & telecommunication, etc. The problem solving skills and analytical abilities that they have developed during their study proved to be very valuable in many areas of endeavour. For further information, please check with Department of Computer Science and CEDARS (Careers & Placement).
