Some Quick Facts to Know when You Plan for Your Studies

Study Load:

- The University recommends students to take 24-30 credits in one semester (except the summer semester) unless otherwise permitted or required by their Faculty. Students can take up to 36 credits in one semester, accumulating up to a maximum of 72 credits in an academic year.
- If you wish to underload (registering for fewer than 24 credits) or overload (registering for more than 36 credits in one semester or more than 72 credits in one academic year), you have to send your application to your Faculty for approval.

Language Requirements: (** Please note that Most DAS students are exempted from CAES 1000 and the Chinese requirement. Please double check with Faculty if in doubt)

- English: 12 Credits (6 credits in Core University English and 6 Credits in English in the Discipline)
- Chinese: 6 Credits
- For exemptions and special arrangements for international / Putonghua-speaking students, please consult your Faculty Office.

Common Core:

- Most DAS students who have completed Associate Degree usually only need to do 12 credits of courses in the Common Core Curriculum, comprising one from two Areas of Inquiry. Please double check with Faculty if in doubt.
- Students are not allowed to select more than 24 credits of Common Core courses within one academic year, except for those who are required to make up for failed credits.
- Please pay special attention to the non-permissible combinations of courses and individual faculty requirements. For details, please visit the Common Core website (<http://commoncore.hku.hk>) and/or consult your home Faculty Office.
